### A Rare Book.

A Rare Book.

Mr. P. F. Williams, of this city, a few days ago loaned to Major Robert W. Hunter a very rare book, entitled "The Richmond Howitzers in the War." The book contains a complete history of this old Richmond organization during the Civil War; their many deeds of valor, sic. It also contains a complete list of the officers and men entering at the commencement of hostilities and those joining after the war had commenced. Major Hunter says the book will be of great value to him in the compilation of his Virginia records.

The book is handsomely bound in red morocco, and it is very probable that Mr. Williams will present it to the Howitzers' library. So far as is known, this is the only copy of this interesting work in existence.

Prominent among the railroad officials who are attending the session of the Corporation Commission are Messrs. Alfred P. Thom, counsel for the Southern, A. H. Plant, comptroller, and L. Green, of the Southern, and Alexander Hamilton, of the Atlantic Coast Line.

The "grass widowers" special fron Waynesboro to Richmond will be in-augurated on the first Monday in July, reaching Richmond at 9:45 o'clock.

The new schedule of the Chesapeake and Ohio Railway Company will be in operation on July 1st.

Mr. A. H. Plant, comptroller of the Southern Railway, announces the follow-ing earnings of his road for the second week in June:

Southern Rallway Company, excluding St. Louis-Louisville lines—This year, \$683,644; last year, \$811,612; increase, Southern Railway Company, St. Louis-Louisville lines—This year, \$78,030; last year, \$72,028; increase, \$6,002.

According to an agreement filed in Atlanta between the Seaboard Air Line and S. D. Loring and Son, of Boston, the former has purchased new equipment to the value of \$2,108,750. The equipment consists of thirty freight engines, ten passenger engines, 450 box cars and 1,000 gondola cars.

The engines are to be constructed by the American Locomotive Company and the Baldwin Locomotive Works, and are to be delivered between July and October.

PHILADELPHIA, June 19.—The Bal-lmore and Ohlo dividend is established, and, as the company is earning and is fully able to pay an increased dividend, the directors will probably increase the dividend to 6 per cent. at the adjourned dividend to 6 per cent. at the adjourned meeting to-morrow. The usual time of holding the meeting is in July, but it was called earlier this year. The present earnings of the Baltimore and Ohio, and its prospects warrant even a higher dividend rate than 5 per cent. It can be said that the Norfolk and Western dividend will probably be increased to 5 per cent. in the fall, but it is not likely that the Chesapeake and Ohio dividend will be changed this year.

### THE HOSPITALITY WAS SADLY LACKING

The Virginia delegation to the Trav returned to this city Sunday afternoon returned to this city sunday atternoon via the Chesapeake and Ohio Raliroad. To the Southern delegation, the sevineenth annual convention in Buffalo is one that will long be remembered for its lack of hospitality and for its rudius. But the party made the best of things and had a good time in spite of the handleaps.

when the party reached the Northern city Sunday night, they were met in a rather odd manner, considering the day. A brass band led them to the hotel playing "A Hot Time in Old Town Tonight."

playing "A Hot Time in Old Town Tonight."

Everybody had to shift for themselves at the convention. The only information bureau was a cigar store, where ladies were expected to register and get their badges. A Richmond delegate said thot the parade did not block the streets any. It consisted mostly of a brass band.

The ladies attended a whist party at he Iroquois Hotel, at which the hostesses won their own prizes by cheating.

The visitors attended a strange reception at the Athletic Park, at which each visitor had to pay for everything on the programme. A similar entertainment was given in the way of a ball at Convention Hall. The menu cards politely informed the guests that refreshments would be served at so much per.

It was here that a stirring, and yet pleasing, incident took place. A lady-and a Northern one at that-passed the head of the floor committee and stopped to ask him a question. The man turned about, and exclaimed, "Damn it! I have

The Piedmonts Defeated.

A very interesting game of base-ball was played on the Manchester ball grounds this afternoon between two representative leams of the Allon and Ginter Branch, the "Burley Slingers" and the "Piedmonts." The game resulted in a victory for the "Burley Slingers" by the very close score of 10 to 5.

Both teams played an exceptionally good game, and the score was in doubt until the last man had been retired.

The home run drive of Irby for the "Burley Slingers," and the sensational catches of Eastman for the "Piedmonts" were the features in this very fast game.
